GAINESVILLE, FLORIDA, WEDNESDAY, FEBRUARY 15, 1905

TEN CENTS A WEEK

COUNTRY AGAIN IN GRASP OF BLIZZARD

Cold Wave Extends Far Into the Sunny South.

FREEZE WILL REACH FLORIDA

Mercury Drops to 26 Degrees Below Zero at Omaha—Coldest Weather in Years and Country Will Suffer a Great Deal.

Washington, D. C., Feb. 14.—The weather bureau today issued the following forecast:

"The severest cold wave of the present season will overspread the eastern part of the United States tonight with the temperature below zero as far south as Virginia, and freezing weather to south central portions of the Florida peninsula.

Atlanta, Feb. 14.—Following immediately upon the two storms of last week, the blizzard that is blowing today will probably retard the work of repair to the telephone and telegraph systems, and should it continue for any length of time, it is probable that even more damage will be done.

The freeze following the rain Sunday evening coated telephone, trolley and telegraph poles with ice, making it impossible for the repair work to continue. The linemen found it unsafe to work on the ice-coated poles and the blowing snowstorm made it impossible to string wires.

Should the storm continue, it is altogether likely the street cars will have to stop running, in which event the deplorable condition of last week will be repeated. The third storm is also interfering with railroad traffic, and many of the wires that had been repaired Saturday and Sunday are out of order again today. All trains are running from one-half to three hours late.

Louisville, Ky., Feb. 14.—A remarkably severe cold wave overspreads the entire country today, temperatures in the Mississippi and Missouri valleys ranging from 6 to 26 degrees below zero. The zero line extends into Arkansas and northern Texas and east to Ohio.

Rain or snow or both have fallen since Saturday over the entire southern half of the country. The precipitation being closely followed by freezing weather and the cold wave which has pushed far south into Texas and the central Mississippi valley. The indications are for clear and continued very cold weather over this district tonight and Tuesday, with a tendency to a snow Monday evening.

The freeze will reach Florida in 24 hours. A heavy snowstorm prevailed today at Birmingham, Knoxville, Tenn., reported 8 inches of snow, causing much delay to street car traffic, and Nashville reports a precipitation of 3 inches with very cold weather prevailing.

The cold is severest in Texas, and is causing losses to the cattlemen.

Cincinnati, Feb. 14.—The sudden drop in temperature brought the river ice to a stand, gorges forming at a number of points. The ice moved slowly all day Sunday, crushing everything before it, and the new freeze only postpones what river men believe will be the worst final break up of the river in many years.

The damage already is estimated at from \$100,000 to \$200,000 dollars. In addition to the \$100,000 loss already incurred to vessels and other property, valued at more than \$500,000 to \$1,000,000, is in serious danger of total destruction. Full crews are on board all the steamers and steam is kept up in readiness for whatever may happen. The ice is so heavy that ordinary methods are of slight avail.

Mobile, Ala., Feb. 14.—Following an unusually warm day early last night, rain began to fall and heavy winds prevailed. This morning the thermometer marked 32, and it is steadily growing colder. Ice formed on the sidewalks and courtyards. The day will go on record as one of the worst in the history of this section. A slight

fall of snow, the first since 1899, occurred at 4 a. m.

Nashville, Tenn., Feb. 14.—Nashville is in the grasp of another blizzard as severe as the one through which she has just passed. The mercury fell 25 degrees in one hour yesterday afternoon and this morning at 6 o'clock registered 4 degrees above. Last night at 7 o'clock snow began to fall, and the ground is covered to a depth about 3 inches.

Chicago, Feb. 14.—Today was the coldest of the winter in Chicago. At 7 o'clock this morning the thermometer registered 14 degrees below, a fall of 23 degrees in 12 hours. At 8 a. m. the mercury stood at 18 degrees below, and the Observer predicted that it would not rise much higher during the day.

Knoxville, Tenn., Feb. 14.—From midnight to 8 o'clock this morning 8 inches of snow had fallen in this city. The snow followed an incessant drizzling rain, which continued throughout yesterday and the early hours of last night. This is the heaviest snow that has been experienced here since 1886.

Memphis, Tenn., Feb. 14.—With the temperature holding around the zero mark Memphis is today experiencing the coldest weather of the winter. Three inches of snow fell during the night. Street car traffic is disarranged.

Dallas, Tex., Feb. 14.—At 7 a. m. the thermometer registered 3 degrees above zero, the coldest in five years. Much suffering is reported among the poorer classes and live stock have been killed by exposure.

temperature showing a decline of 39 degrees. New Orleans, Feb. 14.—With a temperature from the maximum of yesterday, New Orleans got up today to find one of the coldest days of the year.

Birmingham, Ala., Feb. 14.—Three inches of snow fell here during the early morning, but traffic was only slightly interfered with. The weather is the coldest of the winter.

Des Moines, Iowa, Feb. 14.—The mercury broke all records here today, the thermometer registered 26 degrees below zero after a piercing cold extending the past 36 hours.

GOTHAM IS COVERED WITH ICE

Business Paralyzed and Hospitals Are Filled With Injured People.

New York, Feb. 14.—Reports by the police and returns from the various hospitals show that scores of persons have been severely injured by falls in various sections of the city owing to the water covered ice and hardened snow with which the streets became filled during the storm. More than 20 persons were so severely hurt that they were removed to the hospitals, some of them with broken limbs.

Traffic was paralyzed all over the city. Hundreds of horses fell and many had to be shot because of their injuries. The officials who attend to these matters said it was the worst day for accidents that the city had known in 15 years.

Thousands of persons experienced falls and many were injured, of whom the police have no record.

Russians Bombard Japanese.

Tokio, Feb. 13, 2 p. m.—The Russians continued to bombard portions of Field Marshal Oyama's center and right on Saturday last, Feb. 11. The Russians continue the construction of defensive works on their right to the Southwest of Yentapan, where they are erecting an emplacement for a battery of 24 guns. The Japanese recently surrounded a Russian cavalry detachment near Hainebang killing three of the enemy and wounding 11.

Andrew Carnegie Summoned.

New York, Feb. 14.—Andrew Carnegie has announced that he would go to Cleveland to testify against Mrs. Cassie L. Chadwick. It is alleged that the signatures were forged. Mr. Carnegie's announcement was announced after a subpoena ordering him to appear before the federal grand jury at Cleveland on March 6, had been served upon him.

TREATIES WILL NOT NOW BE PRESENTED

Senate's Action Stops President's Arbitration Plans.

A STEP BACKWARD, HE SAYS

Roosevelt Recognizes the Senate's Right to Reject a Treaty and Therefore All the Trouble of Secretary Hay in Matter Has Been Futile.

Washington, Feb. 14.—President will not present the arbitration treaties as amended by the senate, to the countries with which they were negotiated.

In reply to numerous inquiries by representatives of the press made at the state department, Secretary Hay made, in substance, the following statement:

"The president regards the matter of the general arbitration treaties as concluded by the action of the senate on Friday. He recognizes the right of the senate to reject a treaty either by a direct vote in that sense or indirectly by changes which are incompatible with its spirit and purpose."

He considers that with the senate amendment the treaties not only cease to be a step forward in the cause of just arbitration, but are really a step backward, and, therefore, he is unable to present them in this altered form to the countries with which we have been in negotiation.

The arbitration treaties which were amended and ratified by the senate on Saturday were sent to the president today. Each treaty was accompanied by the resolution setting forth the action taken by the senate.

The vote of 50 to 9 in favor of the amendment to the treaty does not give the full strength on the senate on the question of insisting on its prerogatives in the matter of treaty making.

There were five pairs recorded, but in each case it was stated by the senate announcing his pair that he believed if his pair were present he would vote for the amendment. There seemed to be a lack of information as to whether general pairs covered the subject of amendment to treaties and on that a number of senators refrained from voting. Senator Aldre, who was recorded as voting for the amendment was not present. His name was confused with that of Senator Alger, who was present and voted for the amendment. The pairs recorded were Dewey and McEnery, Proctor and Mallory; Clark of Arkansas, and Millard; Pettus and Crane and Simmons and Ciapp.

Record was made, however, as to the manner these senators would have voted.

WOMAN WRCKS A SALOON.

Carrie Nation Outdone by an Angry Oregon Mother.

Pendleton, Ore., Feb. 14.—Enraged because he had sold her son liquor, Mrs. Belle Bales, of Beaverton, entered the establishment of Ross & Hendrickson, and armed with a garden rake, attacked the proprietors furiously. She smashed them over the head in double-quick time, demolished wet goods by the gallon and otherwise created terror.

The place was crowded with patrons at the time of the woman's sensational incoming, but they fled when she began to swing the rake right and left. There has been much feeling against the saloon in question. Several boys have reported they were sold liquor there.

Mrs. Bales, who is the wife of a prominent merchant of the town, determined she would take the law into her own hands. A warrant was issued for her arrest. She says she will gladly go to jail for the good cause.

Wreck on Missouri Pacific.

Kansas City, Feb. 14.—Missouri Pacific passenger train No. 10, which left Kansas City last night for St. Louis, was partially derailed near Knobnoster, Mo., and several persons are reported injured. At the office of the railway in this city it was stated no one was seriously hurt.

ROBBERY CHARGED TO CLERK.

Stories of Hold-Up On Railroad Not Believed by Authorities.

Montgomery, Ala., Feb. 14.—The arrest Friday of Eugene Hester, postal clerk who was reported robbed on an Atlantic Coast Line train on the night of Jan. 12 last, is the development of a suspicion that has existed from the time of the supposed hold-up that he did the work. The members of the local police force and the postoffice officials have thought that there were circumstances connected with the supposed robbery that were not as clear as they might have been and there has been very little activity in the way of searching out the mysterious bandit with a black handkerchief over his face who was charged with entering the car and engaging Mr. Hester in a hand-to-hand struggle.

The specific charges are that Hester took letters containing valuable inclosures, one being a remittance of \$2,500 from the First National bank of Dothan, Ala., to the Hanover national bank, New York; another \$121.56 from Enterprise, Ala., to New Orleans. It is also charged that 19 other packages are missing.

PREACHER GUILTY OF BIGAMY.

Rev. J. D. Woodard Is Sentenced to Four Years in Penitentiary.

Commerce, Ga., Feb. 14.—Rev. J. D. Woodard, who has been on trial for the last two days in the superior court at Jefferson, charged with bigamy, has been found guilty and sentenced to four years in the penitentiary.

It will be remembered that Rev. Woodard came to this place about 15 months ago from Gastonia, N. C., where, after spending about three months here, married a Miss Patton, of near this place. Shortly after his marriage it developed that his former wife was still living and from which arose the charge of bigamy.

Rev. Woodard's plea was in the nature of the state prosecuting the wrong man for the crime and he fought with vicious efforts to maintain this pretense. However, the state showed by the wife and father-in-law, as well as others, that Rev. Woodard was the man and that his identity was absolutely certain.

Other remarkable evidence which came out in the trial was that he had formally lived with two other women, pretending to be their husband.

BRIDE OBJECTED TO MAGISTRATE

Minister Failed to Show Up and Wedding Was Called Off.

Butte, Mont., Feb. 14.—Frank Franzen presented himself at the office of District Court Clerk Davies and attempted to secure the return of \$2 he had expended uselessly in the purchase of a marriage license. The disappointed man said there had been no wedding after all, although the indications in that direction seemed very bright to him when he secured the license.

It was stated that all arrangements were complete for the marriage of Franzen to Miss Bridget C. Walsh. A number of friends of both the parties were invited to attend the wedding. It was expected by the bride that Rev. Father Callahan, the pastor of Sacred Heart church, would officiate, but he did not put in an appearance. The bridegroom said he could call up a justice of the peace or some other clergyman to come posthaste to tie the knot, but the bride-elect would not agree and called off the wedding.

GAS ENDS HER MISERY.

New Jersey Mother Kills Self and Her Two Children.

Bloomfield, N. J., Feb. 14.—Because her two children aged, respectively 18 months and 3 years, were afflicted with asthma from which she herself has suffered since childhood, Mrs. Elsie Loux, of this place, after putting the little ones to bed turned on the gas and lay down beside them to die.

When the room was entered by the neighbors, Mr. Loux having gone away on a visit last night, the two children were found dead and the mother dying. She left a letter to her husband imploring his forgiveness and saying that she had determined that it was better that she and the children should die than suffer any longer.

MOBILE SUFFERS FROM LARGE FIRE

Over \$300,000 Worth of Property Is Destroyed.

ONE LIFE IS REPORTED AS LOST

The Battle House, the Largest Hotel in that City, Consumed by Flames.

Many of the Guests Had Narrow Escapes from Building.

Mobile, Ala., Feb. 14.—Losses estimated at \$250,000 have been caused by a fire which tonight left the famous Battle house a ruin and swept on to buildings adjoining. The blaze was discovered shortly before 11 o'clock Sunday night, and at 1:30 this morning the firemen were still fighting the flames which apparently were still beyond control.

The fire broke out in some unoccupied rooms over the kitchen of the Battle house, which, although an old hostelry, was one of the largest in the south.

The flames spread so rapidly that a number of guests lost all their belongings, and not a few of those on the fifth floor were compelled to take to the fire escapes in their night clothing.

Two elevator boys, Joseph Parks and Bernard Constantine, stuck to their posts until all the guests had reached safety, although the elevators caught fire and the young men were burned about the face and hands.

It is reported that one man was killed and several hurt.

In an hour after the fire started all the electric lights in the business portion of the city went out, due partly to the turning to the turning off of the power to save the firemen from danger, and partly to one of the main feed wires being broken.

The fire was under control at daylight. The Battle house is a total loss, as is also the following:

Commercial hotel, adjoining on Royal street, loss \$30,000; Graham Printing company, \$30,000; Rosenfield Tailoring company, \$10,000; Gulf City Pressing Club, \$1,500; J. C. Hentch, tailor, \$5,000; John W. Scheible, insurance \$2,000; W. M. Provost, Wood & Co., \$500.

Many offices on St. Francis street opposite the Battle hotel were flooded. Chief Price and Fireman Frank Mahan were slightly injuring during the progress of the fire.

The Battle house loss is totally estimated at \$200,000, with insurance of \$150,000.

Other losses will foot up \$100,000, partially insured.

The origin of the fire has not been placed.

TANNER ADMITS PERJURY.

Senator Mitchell's Law Partner Says He Is Guilty.

Portland, Ore., Feb. 14.—Judge A. H. Tanner, Senator Mitchell's law partner, confessed in Judge Bellinger's court to perjury in his evidence given before the federal grand jury in connection with the land frauds, when testimony was being taken with a view to connecting Senator Mitchell with the conspiracy to defraud the government.

Tanner, in his confession, said there was a business agreement between Mitchell and Tanner—that Mitchell should have the proceeds of the practice of the law firm in the federal courts, and that Tanner should have the proceeds resulting from practice before any of the governmental departments which would involve Senator Mitchell's oath that he would not take part in any law proceedings in which the government is interested.

Hanged in Rainstorm.

Water Valley, Miss., Feb. 14.—Edward Gammons, a young white man, has been hanged here for the murder of Lake Kinsey, a well known farmer and his daughter, Miss Fannie Kinsey, in April, 1904. Kinsey objected to Gammons' attentions to his daughter, and the double tragedy resulted. Gammons was hanged in a blinding rainstorm in the presence of a large crowd of spectators.

GAINESVILLE SELLS SOLID CAR FURNITURE

Effect of Re-Establishing Freight
Rate Demonstrated.

A NEW BUSINESS DEPARTURE

Through the New Freight Rate Gainesville Now Enjoys the Privilege of Entering the Wholesale Field, Where Formerly She Was Shut Out.

The Gainesville Furniture Company is reaching out for business, and is getting it. Not only in the retail, but in the wholesale trade this popular firm, which carries one of the largest stocks in the State of the kind, is constantly on the alert for business, with the result that their trade is being extended.

The latest deal of importance with this firm was the sale of more than a carload of furniture a day or two recently to R. J. & B. F. Camp, the lumber manufacturers of White Springs, who are opening a commissary. There were several salesmen present, representing various houses, for they all realized that the sale would be a good one. After coming into close competition with a number of the largest wholesale houses in the country, the Gainesville Furniture Company was favored with the patronage, which was not only a compliment to the firm, but to the city as well.

This sale was made possible, and was consummated through the recent action of the railroad commission in re-establishing the freight rates here, and for which W. B. Taylor and the Board of Trade have fought so persistently for the past few months. The merchants of Gainesville owe to the Board of Trade and Mr. Taylor a debt which will be hard to repay, and the efforts of the board and Mr. Taylor individually are appreciated. It has made Gainesville a basing point, and our merchants may now enjoy the benefit of a wholesale trade.

SAM JONES WILL COME.

Will Open Gainesville Chautauqua on
Wednesday, March 1.

Those who admire Sam Jones—and there are a great many of them here—will be delighted at the information that this great evangelist has been secured to open the Gainesville Chautauqua, which will begin at the Tabernacle on Wednesday, March 1. Mr. Jones is in a class of his own, and is so well known that it is needless to dwell upon his ability as an orator and a preacher. He has probably accomplished more in evangelistical work than any other man, Moody or Sankey not excepted. He is known from one end of the United States to the other as the greatest evangelist and platform orator in the country, and his appearance here at the opening of the Chautauqua will prove a big drawing card.

Mr. Jones favored the Chautauqua with a date last season, and upon his appearance there was not a seat available in the Tabernacle—in fact, long before the hour appointed for his appearance every available space was taken, and many who did not care to stand were turned away.

Aside from Mr. Jones, Dr. Strouse states that he has a fine program for the Chautauqua. A number of the finest lecturers and orators in their respective lines in the country have been secured, and a program which has never been equalled on any similar occasion in Florida is assured.

Business Department Prospers.

The business department of East Florida Seminary, under direction of Prof. J. H. Brinson, continues not only to improve, but to increase. Notwithstanding that this is only the third year the department has been inaugurated, it has accomplished wonderful good, and is growing every session.

Prof. Brinson, who is one of the finest commercial teachers in the South, states that his department is demanding each season new and modern desks, which have just been installed. It goes without saying that the commercial department at the end of the term, under his able direction, will make a fair showing with other departments of this famous school.

Judge Mason's Court.

Peter Ponds, a white man of Campville, was arraigned before Judge Mason Tuesday upon a charge of selling intoxicating liquors in a dry county. The defendant waived examination, and was required to give bond in the sum of \$150 for his appearance at the spring term of the circuit court.

IT WILL KEEP

It is not always necessary to use a whole bottle of Scott's Emulsion. What is left will keep. We have seen a bottle of our Emulsion three years old that is still good. Attorney C. C. Thomas of Gainesville and Starke returned to the latter place yesterday, after a brief professional visit to this city.

R. R. Chamberlain of Tacoma, one of the cleverest young men in Alachua county, was in the city yesterday and made The Sun an agreeable call.

Henry Futch, who holds a lucrative position on the road in the capacity of salesman for a pants house, is spending a few days with his mother here.

Mrs. G. B. Nikoden and son, Joe, of Chicago, who have been at Odd Fellows' Home for the past few days, departed for their home yesterday. Mr. Nikoden is still here, and expects to remain, as he came for his health, and is very much improved.

Sheriff L. W. Fennell has returned from an official visit to Jacksonville. Sheriff Fennell states that he was within fifty feet of the tragedy in which May Brown lost her life and her mother and Detective Cahoon were painfully injured Monday. The tragedy occurred in Justice Farris' court, and the officer, having business with the justice, came upon the scene just about the time of the shooting. He states that there was considerable excitement for a few moments.

A large number of colored ministers of the A. M. E. Church were in the city yesterday. They were en route to their respective homes from High Springs, where the session of the conference, under Bishop B. T. Tiner of Jacksonville, has been in session for the past three or four days. One of the best sermons of the conference was delivered by Rev. A. D. Ford Sunday afternoon, the subject being, "Woe to Them That Are at Ease in Zion." There were more than a thousand in the audience, many of whom were white people. Rev. Ford, who has been a member of the Pensacola district, has been transferred to the South Florida district.

Jones-Adams Carnival.

The Jones-Adams Carnival Company made their first appearance here under canvas Tuesday afternoon and evening, and despite the inclement weather, showed to good crowds.

The carnival comprises five shows, all of which are refined and clean. The management is especially careful in seeing that the ladies and children are properly cared for, and that nothing of an offensive nature is presented.

In connection with the attractions is a free show in the main tent, comprising trapeze work, dog show and slack wire walking.

The company will appear daily, afternoon and evening, through the remainder of the week.

HURLED CHILDREN INTO STREET

Italians Thrown Into a Panic By Big Fire—150 People Homeless.

New York, Feb. 14.—Sixteen Italian families with many small children were thrown into a panic by a fire early today in a 5-story tenement house at 2057 First avenue, in Harlem.

The flames, starting in the cellar, worked their way into the four upper stories of the building before they were discovered, cutting off all means of exit for the tenants except those who took to the fire escapes.

Descending to the second story, several panic-stricken women hurled their youngest children to the crowds on the ground. Policemen caught many of the youngsters and carried them to a place of safety. More than 150 persons were made homeless, and the tenement was ruined. One woman is reported as missing.

Long Life.

Weber sums the main points to be observed by those desirous of a long life as follows: First, moderation in eating, drinking and physical indulgence; second, pure air out the house and within; third, the keeping of every organ of the body, so far as possible, in constant working order; fourth, regular exercise every day in all weathers, supported in many cases by breathing movements and by walking and climbing tours; fifth, going to bed early and rising early and restricting the hours of sleep to six or seven hours; sixth, daily baths or ablutions, according to individual conditions, cold or warm or warm followed by cold; seventh, regular work and mental occupation; eighth, cultivation of placidity, cheerfulness and hopefulness of mind; ninth, employment of the great power of the mind in controlling passions and nervous fear; tenth, strengthening the will in carrying out whatever is useful and in checking the craving for stimulants, anodynes and other injurious agencies. —British Medical Journal.

Disadvantages of an Even Temper.

It is usual to envy the even tempered people—those who are never unduly elated or cast down, who "knit on plain" all the time. If one like that sort of thing it would be equally natural to envy the animals—cows and pigs, for instance—whose serenity is seldom disturbed. For my part I think those even tempered people lose nine-tenths of the pleasure of existence. The depths of grief and gloom into which impulsive people are thrown are amply made up for by the equally unreasonable and unreasoning joy into which they spring at the slightest possible excuse, and the sorrow of a quarrel with a dear one is paid for in the delight of "making up." Parents are very apt to impress on their children the beauty of this even disposition, but so far as I can see the only benefit derived from it is an unwrinkled complexion. —Donahoe's Magazine.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and \$1 bottle. Sold by W. M. Johnson.

Diamonds on Board Ship.

Millions of dollars' worth of diamonds are imported into this country every year. In carrying packages of such tremendous value over seas extraordinary precautions are taken. They are humored in strong safes and so carefully guarded that not an instance has ever been recorded in which diamonds have been lost or stolen, though a man could easily walk off with half a million dollars' worth of gems in his waistcoat pockets were it not that it is one of the most difficult undertakings in the world to commit such a theft or even to find where the gems are stored on shipboard.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

Consult your doctor about your cough

At the same time ask him what he thinks of Ayer's Cherry Pectoral. He will know all about it, for we send doctors the formula. For over 60 years doctors have endorsed it for coughs, colds, weak lungs, bronchitis, asthma.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AT THE TABERNACLE.

Interesting Services Tuesday—Dr. Gwilym Will Say Farewell Today.

Tuesday's exercises at the Tabernacle were largely attended, and proved of deep interest. In the morning Dr. Tigert delivered a fine lecture to an interested congregation. In the afternoon this distinguished divine again addressed a great throng. He is a fluent, forceful speaker, and his subjects are always of the deepest interest.

Rev. David Vaughn Gwilym in the evening appeared before an appreciative audience, handling his subject, as he always does, with great earnestness. Dr. Gwilym is a fine speaker, and it is to be regretted that he finds it necessary to return to his New York home so early. The Doctor himself expresses regret, but states that his departure Thursday will be absolutely necessary. He is well pleased with the Conference, the city and those whom he has met here, and hopes to return next year.

At 10 o'clock this morning, and this evening at half-past 7 o'clock, Dr. Gwilym will occupy the rostrum, this evening being his last sermon during the present Conference. This afternoon at 4:30 he has consented to deliver an address on missionary work at Holy Trinity Church, to which the public is cordially invited.

NOTICE.

Pursuant to an order from Judge Mason of County Court, notice is hereby given that I will receive sealed bids for the stock of the late F. E. Williams, said bids to be a certain per centum of the actual stock on hand, as determined by an inventory of said stock. Said bids to be opened Tuesday, Feb. 14, 1905, at 9 o'clock a. m., right being reserved to accept or reject any or all of said bids.
(Signed) MRS. IDA D. WILLIAMS,
Administratrix.

NOTICE OF APPLICATION FOR SPECIAL LEGISLATION.

Notice is hereby given that application will be made to the Legislature of the State of Florida, at its session in A. D. 1905, for a new charter, or amended charter, for the City of Gainesville.

DR. GWILYM WILL TALK.

Famous New York Divine Will Talk to Ladies' Auxiliary Today.

The Ladies' Auxiliary of Holy Trinity Episcopal Church, together with their friends, have in store a treat this afternoon, in the nature of a lecture by Rev. David Vaughn Gwilym, which will be delivered from the pulpit of of Holy Trinity Church this afternoon, beginning at 4:30 o'clock.

Dr. Gwilym, who has been in attendance upon the Bible Conference for the past few days, expects to make his departure for his home in New York tomorrow afternoon, but so anxious were the ladies for an afternoon that he decided to respond to their request. He will lecture on missionary work, and those who attend are assured of a most interesting afternoon. His subject will be, "The Key to the Missionary Problem."

Dr. Gwilym is a general favorite here, and it is to be regretted that he cannot remain longer.

Card to the Public.

Mesdames H. H. McCreary and F. D. Warner, comprising the committee of the Cemetery Association appointed for the purpose of collecting subscriptions for the cemetery rock road, request The Sun to announce that, in compliance with instructions of the county commissioners, they have paid to D. G. Edwards, the contractor, the sum of \$238.85, being the association's proportion, one-half of the expense of building the road from South Gainesville towards the cemetery. These ladies also desire to state that if the work upon this road is unsatisfactory they have no blame attached to the association, as the association did not make any suggestions in regard to the material to be used on the thoroughfare.

Another Walk-Out at Lodz.

Warsaw, Feb. 14.—Advices from Lodz say that a number of men resumed work this morning but that after an hour they walked out. The situation is quiet. The authorities officially announce that as a result of the disturbances at Lodz, 144 bodies have been buried, while 200 wounded persons are still in the hospitals.

THE OLD TRUST PROBLEM.

The country is talking about the railway rate question as if it was something new for a government to regulate rates. As a matter of fact, it is very old. In the States of the Union there are many laws regulating the prices of certain services and commodities. For instance, there are numerous laws in regard to usury, many of the States prescribing maximum rates to be charged by lenders on loans of money. To charge more than these rates is punishable as a violation of the law. There are similar laws prescribing maximum rates for gas, electric light, street railway transportation, passenger traffic on steam railroads, elevator charges and other things. In fact, the principle is well established that once an occupation is classed as a public calling the Legislature and the courts have the right to fix the price that may be charged.

Centuries ago, as was shown in a recent article by D. N. Frederiksen, government regulation of rates was the common practice. "In modern law," says Mr. Frederiksen, "these old provisions of forestalling, regrating and engrossing have been comparatively lost sight of, and have been overshadowed by the laws against combinations and agreements in restraint of trade. In reality, they furnish a safer means of regulating the trusts, as combinations and conspiracies are hard to prove and the injunctions forbidding them are, if possible, still harder to enforce."

The only difference between the trust question of today and that of centuries ago, is that now the combinations and monopolies cover continents, whereas then they were confined to counties. But, so far as the actual conditions of life are concerned, a county centuries ago was as large as a continent is today. Any trust which then controlled a trade within a county was as powerful so far as the people of that time were concerned as a trust is today in controlling the trade of a nation. Mr. Frederiksen has made a careful study of the old laws, and he finds that prices of almost all articles of necessity to the common people were fixed not by competition, but by law. Bread, beer, wine, meat, fish, poultry, wax, candles, cloth, innkeepers' rates, mill charges, ferry rates, blacksmith charges, weighers' fees, cartage charges, rates of interest and even rates of wages were in those days regulated by law and not by contract.

Indeed, he believes that the principle of these old laws might be adopted today in application to the modern trust problem. "Historical, economic and legal development," he says, "moves in the waves, and swings from one extreme to the other. The development of modern industry beginning in the middle of last century, when steam and coal were applied to modern machinery, revolutionized former methods of production and trade, and commenced a period of free competition and 'laissez faire' under which our modern law has grown up and developed until the laws applicable to conditions where monopoly was the rule have been in part forgotten. The new trusts, worldwide in their power and extent, into which modern manufacturing and mercantile business seems to be gradually consolidating, have sprung up so rapidly that they seem to have outstripped the laws of their own time. The pendu-

lum is now swinging back towards conditions resembling those outlined above, and the legal development must follow in the same direction and find precedents among these old laws and decisions or the very foundations of the republic may be shaken. Our Legislatures and courts have made a false start in being led off in the direction of conspiracy, combination and 'anti-trust' laws, when the true remedy is to fix maximum rates and to regulate and control profits and business methods. But some of the 'public service' decisions point the other way, and if these are followed in the future the satisfactory regulation of the trusts may perhaps yet be expected."

Without accepting Mr. Frederiksen's conclusions as necessarily the best way of dealing with the trust problem, the study he has made of old-time laws on the subject is of value at this time when the principle of government regulation of rates fixed by the corporations is to be adopted.

THE FIRST YEAR.

The first year of the war between Russia and Japan has ended, and almost from start to finish of that year the record of Russian arms has been one of disaster. Driven out step by step from the disputed territory, with the land, it sought to hold in the possession of the enemy, bereft of power on the sea, and with prospects anything but bright on land, the position of Russia furnishes an impressive commentary on the unpreparedness of the nation, just as it does on the efficiency of the Japanese, whose every move has been marked with a determination and clearness of purpose which betokened success. The unfaltering courage of the armies and their commanders has furnished the only bright spot in the Russian campaign, but has emphasized the utter lack of a concerted plan of action.

What the future may have in store time alone will reveal; but, viewed from the most hopeful standpoint, there is little in the situation encouraging for Russia, as there are those ready to grasp for control as soon as the present Emperor gives way.

In the United States Court for the Southern District of Florida, in session at Tampa, several Savannah, Ga., cigar dealers are in trouble. They bought cigars that the wiley Cubans made them believe were smuggled, and because the boxes bore no United States revenue stamps the "goobers" thought they were getting the real thing, and now have to answer to the charge of smuggling. It is an old game, practiced in Key West, Tampa and elsewhere.

The parade by J. O. Lewis' Si Plunkard troupe was made in the rain and through muddy streets Monday evening, yet our friend Lewis seemed happy and was smiling all the time. He had his old clothes on—his working clothes. But when he gets through work he dresses in the latest and wears diamonds. Anyone can wear diamonds if they will only get down and work at the proper time.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MONEY COMING IN FOR PAVEMENTS

Property Owners on East Side
Paid Assessments Promptly.

WEST SIDE OWNERS ARE SLOW

They Are Anxious for the Street and
Are Willing to Pay, but Seem Dila-
tory in the Matter of Settling Their
Proportion.

After a delay of three or four days, which has been caused by the inclement condition of the weather, the crushing machinery, property of the United States government, which will be used in crushing the flint rock along Sweetwater Branch, has been moved to its position, and Expert Spoon expects to begin work this morning, weather permitting. The material will be used in the construction of three blocks on West Main and one block on East Main streets, in compliance with a special action of the City Council at a recent meeting. Mr. Spoon desired to begin work Saturday, but the rains were so heavy that it was impossible to do so. He placed the machinery at the first opportunity after the rain, and everything being favorable, the work will be carried through rapidly and completed as soon as possible.

The property owners on the East Side have all paid their assessments, in compliance with the resolution, but those owning property on West Main street, and who appeared so anxious that this work be done, seem a little dilatory in the matter. It is not that they were unwilling, however, but Chairman Taylor of the street committee states that he cannot afford to keep himself occupied in running around after the money, and asks those interested to make prompt remittance of their proportion of the expense, if they desire the pavement. The resolution passed by the City Council, in special session, provided that the proposition of the government experts be accepted, the property owners abutting the thoroughfares to be assessed two-thirds of the cost, not to exceed \$1 per lineal foot. Mr. Taylor states that positively no work will be done until the money is in hand. The property owners on the East Side having paid their assessments, work will begin on that street first, and will be pushed rapidly to completion. One block on this street, between Liberty and Union streets, will be paved, and as soon as this is completed work will begin on West Main street. Should the property owners furnish their proportion, this street will be paved from Mechanic to Masonic, a distance of three blocks.

Those owning property on the east side of the square, together with the amounts paid, are as follows: L. L.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. Teacher Saved 40 Lives.

Toledo, Feb. 14.—Cut off from the doors by smoke and flames coming from the basement 40 primary pupils in the Stryker Public school became panic-stricken and were rescued through the bravery of their teacher, Miss Collins. Finding the hallway impassable Miss Collins led the screaming children, none of them over 9 years old, back to the room they had quitted and lowered child after child through an open window into the snow-drifts below, staying in the room until the last one was saved. The older children fled in a panic.

Death at Santa Fe.

Santa Fe, Feb. 14.—(Delayed)—This vicinity mourns the loss of one of her noble young men on the 7th inst., Robert Lee Anderson, who passed away at his home. It was indeed a sad death, as he was loved by all who knew him.

When quite young he connected himself with the Methodist church and was a consistent Christian young man. Two years ago he was married to Miss Katie Dukes of Worthington, and settled on his farm near here. His death was caused by pneumonia, after a short illness. He was interred in the St. Johns cemetery, the funeral being conducted from the St. Johns Methodist Church, Rev. J. V. Brown officiating, assisted by Rev. V. N. Ellis.

A large crowd of sorrowing friends and grief-stricken relatives were present. He leaves a devoted wife and one child, an aged father and mother, and several brothers and sisters, who are not alone in mourning his death.

COD LIVER OIL IN A FRESH FORM

Made Palatable and Digestible,
and Pleasant to Take.

MAKES THE WEAK STRONG

No More of the Unpleasantness Formerly Experienced in Taking Cod Liver Oil, Because the Chemist Has Obviated These Objections.

The chemist, adding to the sum of human knowledge as the latter years go by, may yet solve the secrets of human existence. In the work that may come to this result he is continually analyzing, separating, building—in his toilsome effort to find what is good and bad, and why. In no branch of chemistry is this truer than in the department of medicine. For many years a drug of natural product may have been thought a specific; the analysis of the chemist demonstrates that it is not the whole, but a part, that contains remedial virtue. If there has been to the whole a difficulty of administration, or an unpleasantness of taste, or some other property that has hindered its common youth, and it be found that the actual medicinal parts may be dissociated from this unpleasantness or difficulty, then the chemist who makes the discovery has proven his value to his race.

No one will dispute the curative value of cod liver oil. For centuries it has been recognized as the grandest of all body-building agents for wasted human strength and vitality.

Heavy Oil Indigestible.

Yet a great deal of the good that should have been derived from its use has been prevented by the fact that many patients who were weakened by disease could not digest the heavy oil, either in its raw form or in an emulsion, and others would not take it on account of its disagreeable odor and taste.

Now modern science has proved that the oil or greasy part has no value whatever either as a medicine or food.

It appears that the medicinal elements, of which there are about fifty different kinds found in the cod's liver, represent all the tonic, body-building and curative powers of this famous old remedy.

After twenty years' study two eminent French chemists, Mourgues and Gautier by name, discovered a way to separate these medicinal elements from the oil and livers, and gave to modern medicine all the valuable part of the cod liver oil, unencumbered by the useless, oily, greasy part.

A preparation containing all these medicinal elements, but entirely free from oil or grease, therefore must be the best tonic reconstructor possible. Such is Vinol.

In no way does Vinol resemble cod liver oil. It does not look, nor smell, nor taste like cod liver oil.

Delicious and Palatable.

Yet Vinol is guaranteed to contain in a highly concentrated form all the medicinal elements actually taken from fresh cod's livers, with organic iron and other body-building ingredients, in a deliciously palatable and easily digested form.

In every case where old-fashioned

cod liver oil or emulsions would do good, Vinol will do more good, for it is immediately assimilated and is acceptable to the weakest stomach; for this reason it is fast superseding old-fashioned cod liver oil and emulsions.

The elaborate process employed to separate the medicinal, curative elements from the cod's livers, omitting the oil entirely, is the only secret about Vinol. Its simplicity is its grandest feature, being absolutely free from drugs and injurious ingredients. It is not a patent medicine, as everything in it is named on the label.

Vinol for the last six years has been sold by the leading druggists in all the principal cities of the country, and in most of these stores its sales have equalled, or more, the combined sales of other cod liver oil preparations, which goes to prove its superiority. As a body-builder and strength-creator for old people, weak women, puny children, and after sickness, and for all pulmonary diseases, it is guaranteed by over two thousand of the leading druggists of the country to be the best they ever sold. W. M. Johnson, Druggist.

CLAY'S ANTI-OPTION BILL.

Georgia Senator Introduces Important Measure in Senate.

Washington, D. C., Feb. 14.—The anti-option and anti-future bill introduced by Senator Clay in line with the action of the cotton planters of the south as expressed at their New Orleans convention, is attracting much attention.

Senator Clay's bill has been very carefully drawn with the idea of avoiding so far as possible the pitfalls which prevented the enactment of legislation along this line in former congresses.

The Georgia senator has given much thought to the subject, and his bill will, he believes, meet the principal objections advanced against former bills, at the same time retaining all the elements of strength of those bills.

He has presented it as an amendment to the postoffice appropriation bill, it being made germane to this bill by the provisions, denying the use of the mails to all letters or communications from persons or corporations bearing upon options or future delivery contracts of the kind prohibited by the bill.

New Chief Justice For Panama.

Panama, Feb. 14.—Dr. Charles A. Cooke has succeeded Chief Justice Ponce who has been appointed by the Panama government a joint commissioner with Frederick Boyd, to act with the joint commissioners for the United States in condemning suits for land acquired by the United States government in the building of the Panama canal.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Young Woman Drinks Carbolic Acid.

Atlanta, Feb. 14.—Minnie Hembree, aged 22 years, died Saturday night at the Grady hospital from the effects of a dose of carbolic acid which she took several days ago while in a fit of passion. As the result of a quarrel which she had with her younger sister, it is said that the older woman became so angry that she decided to take her own life. The remains were removed to the undertaking establishment of Hilburn & Poole and were carried Monday morning to Kennesaw, Ga., for burial. The dead woman lived on Bush street.

Ministerialists Have Majority.

New York, Feb. 14.—The ministerial majority when parliament meets on Tuesday will be 81, according to a forecast telegraphed from London to The Times. The composition of the house of commons will be: Ministerialists, 275; made up of 317 Conservatives and 58 Liberal Unionists, and opposition 294, made up of 212 Liberals and 82 Nationalists.

Agonizing Burns

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

Social Tragedy

Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

DEAR MRS. PINKHAM:—I was troubled for eight years with irregularities which broke down my system and brought on extreme nervousness and hysteria. I could neither enjoy my meals nor sleep nights, became easily irritated and nervous and very despondent. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. After taking the third bottle, my general health began to improve. At the end of the fifth month I was well and could attend to my household and social duties and enjoy life.

MRS. CHESTER CURRY, 42 Saratoga Street, East Boston, Mass.

Mrs. Curry, whose portrait appears on the right, is the leader of the Ladies' Symphony Orchestra. The following letter is from Miss Goode, President of the Bryn Mawr Lawn Tennis Club of Chicago:

DEAR MRS. PINKHAM:—I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unseasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since.

MISS CORA GOODE, 355 E. Chicago Ave., Chicago, Ill.

Mrs. Pinkham's advice is free to all. Her address is Lynn, Mass.

Fruit Jar Full of Gold.

Jackson, Mich., Feb. 14.—A little over \$800 in gold coins stored into a 2-quart fruit can was the find made recently at the residence of the late Eugene Murphy. He was of a saving disposition, and the money was discovered after a daughter was told that he might have gold hidden. Murphy in life was consecutively a policeman, a police sergeant, a police captain, and an officer at the Michigan State prison, and during his years of service to the city of Jackson and to the state he pursued a frugal policy.

WILL STAND TRIAL.

Savannahians Believe that Greene and Gaynor Will Return.

Savannah, Ga., Feb. 14.—Savannahians generally feel that they are yet to enjoy the sensation of which they were robbed by those who were to afford it. They believe that B. D. Greene and John F. Gaynor will be brought back to this city to stand trial for the conspiracy to defraud with which they are charged by the United States government.

All Savannah was naturally deeply interested in the trial of the supposed arch-conspirators. Developments in the celebrated case came so fast for a time after the flight of Greene and Gaynor to Quebec that the people scarce had a chance to collect their wits and realize the regret they felt that the sensational trial had not been held, according to program and the intention of Judge Emory Speer, the United States court officials and all the parties at interest save those most vitally concerned.

BELIEVE DEATH ACCIDENTAL.

Linton Williams Is Thought to Have Dropped His Pistol.

Athens, Ga., Feb. 14.—The belief is now prevalent that Linton Williams, who met his death at his home near Hull, Ga., a few nights ago, was not a suicide, but that his death was the result of the accidental discharge of his pistol.

There were no signs of powder burns on his face, there was not a single hair on his head singed, and the pistol lay several feet away from his feet when the body was found. The course of the bullet was such as to indicate that the pistol must have been near the floor or on it, because the bullet went up and lodged in the ceiling of the room. There was no cause for suicide, as he was not in debt and the very day of the death was at his father's home planting for the spring crops. It is now believed that he was handling the pistol and dropped it on the floor, when it was discharged.

BUREAU OF IMMIGRATION.

North Carolina Will Establish One in that State.

Raleigh, N. C., Feb. 14.—It is decided to have a bureau of immigration for North Carolina and one of the most powerful arguments made before the legislative committee in favor of this was that by Secretary J. S. Kuykendall, of the North Carolina Real Estate Dealers' association.

He stated, from figures obtained with great care, that during the past 10 years 98,000 of the rural population had been called into service by the factories in the state and that by reason of their departure from the country 19,000 farms had been vacated.

He stated that no one was taking the place of this great mass of agriculturists who were flocking in the cotton and furniture factories mainly, there being over 600 such factories. He further stated that the bureau of immigration could place on the vacant lands practical and hardworking farmers of selected class.

GUARD SHOT TO DEATH.

Quarrel of Men Who Guard Convicts End Fatally.

Waycross, Ga., Feb. 14.—L. E. McElroy, a convict guard, was shot and instantly killed by L. S. Rickettsan, also a convict guard. The killing occurred at W. M. Turner's convict camp at Astoria, Ga., near this city.

Saturday the men quarreled over some trivial matter, and Sunday, while Rickettsan was on duty guarding the convicts from a stockade mill tower, McElroy started up the steps to the tower with an open knife in his hand, according to witnesses.

Rickettsan warned McElroy to keep out of the tower, and as the latter kept advancing with the open knife, Rickettsan fired, the contents of a shotgun entering McElroy's body.

Otis Smith Guilty of Murder.

Forsyth, Ga., Feb. 14.—The superior court was in session here this week. In the case of the state v. Otis Smith, the jury brought in a verdict of guilty of murder, with the recommendation to life imprisonment. On account of the prominence of the defendant, this case has excited a good deal of interest in Forsyth and Calhoun, and all throughout the county.

READ THIS.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK.

MRS. R. WILSON.

B. H. Chase has returned from a business trip to Cedar Key and other points in Levy county.

Mr. and Mrs. J. C. Haile of Alachua were among those who favored Gainesville with a visit yesterday.

George Ellis of the Florida Fertilizer Manufacturing Company has returned from a business trip to points in South Florida. Mr. Ellis is regarded as one of the most successful fertilizer salesmen in Florida. Having made himself familiar with the soils in the various sections of the State, he has the knowledge of just what to use, just where to use it and just when, which is a big advantage over the average salesman.

After a brief but pleasant visit to Mr. and Mrs. W. R. Streckert in this city, Mr. and Mrs. B. S. Gilmore of Indianapolis, Ind., departed for their home Monday. Mrs. Gilmore is a sister of Mr. Steckert, which made the visit all the more pleasant. While the weather was not as desirable as was hoped for, which prevented the visitors from seeing this section at its best, they were nevertheless well pleased, and complimented Gainesville upon its excellent people and fine residences.

Theatre-goers differ largely in taste. Some enjoy drama, some orchestral music, some band music, some are appealed to more strongly by specialties, songs, dances, etc.; others are reached through the eye, beautiful scenery, elaborate stage settings, elegant costumes, correct coloring and artistic groupings please them above all else. The attraction gathering together and presenting all these things in a first-class manner is the one that will please everybody. The Frank S. Davidson's new "Old Farmer Hopkins" company has done this very thing, and is reaping a harvest. They will be at the opera house for one night only, Friday, Feb. 17, and the people of this city will be with them.

The Young Men's Dancing Club has arranged to give an informal hop at the armory this evening, and it is needless to add that those who participate will thoroughly enjoy the occasion.

His Honor Judge Mason yesterday issued marriage licenses to A. W. Bonnell and Mary M. Hodges, D. C. Bonnell and Monora E. Dyal, white, and Handy Childs and Ida Welch, colored. In the latter instance the genial Judge performed the ceremony in his usual clever and dignified manner. "Osculate," commanded the Judge at the conclusion of the ceremony. They osculated, after which they left the presence of the dignified officer as happy as two mice in a cheese box.
